Original Papers

Agmo, A., Fernández, Hilda: Dopamine and sexual behavior in the male rat: a re-evaluation 21

Agnati, L. F., s. Kitayama, I.

Ahlenius, S., Larsson, K.: Antagonism by pindolol, but not betaxolol, of 8-OH-DPAT-induced facilitation of male rat sexual behavior 163

Aquilonius, S. M., s. Jossan, S. S.

d'Argy, R., s. Jossan, S. S.

Aronsson, M., s. Kitayama, I.

Axt, K. J., s. Commins, D. L.

Bayon, A., s. Gurolla, G. B.

Beilotti, V., s. Strolin Benedetti, M.

Bjurling, P., s. Jossan, S. S.

Broocks, A., s. Schweiger, U.

Cardinali, D. P., s. Rosenstein, Ruth E.

Carlsson, M., Eriksson, E.: The partial dopamine receptor agonists (—)-3-PPP and transdihydrolisuride enhance prolactin secretion in female but not in male rats 211

Carlsson, Maria, Carlsson, A.: Effects of mild stress on adrenal and heart catecholamines in male and female rats 217

Carlsson, A., s. Carlsson, Maria

Carminati, P., s. Strolin Benedetti, M.

Cintra, A., s. Kitayama, I.

Commins, D. L., Shaughnessy, R. A., Axt, K. J., Vosmer, G., Selden, L. S.: Variability among brain regions in the specificity of 6-hydroxy-dopamine (6-OHDA)-induced lesions 197

Czudek, C., Reynolds, G. P.: [^{3}H] GBR 12935 binding to the dopamine uptake site in postmortem brain tissue in schizophrenia 227

Dostert, P., s. Strolin Benedetti, M.

Eide, P. K., Hole, K.: Subsensitivity of serotonin and substance P receptors involved in nociception after repeated administration of a serotonin receptor agonist 1

Eneroth, P., s. Kitayama, I.

Eriksson, E., s. Carlsson, M.

Fernández, Hilda, s. Agmo, A.

Fowler, J., s. Jossan, S. S.

Fuxe, K., s. Kitayama, I.

Gillberg, P. G., s. Jossan, S. S.

Goldstein, M., s. Kitayama, I.

Gurolla, G. B., Molinar-Rode, R., Sitges, M., Bayon, A., Possani, L. D.: Synthetic peptides corresponding to the sequence of noxiustoxin indicate that the active site of this K^+ channel blocker is located on its amino-terminal portion . . . 11

Gustafsson, J.-Å., s. Kitayama, I.

Halldin, C., s. Jossan, S. S.

Härfstrand, A., s. Kitayama, I.

Hole, K., s. Eide, P. K.

Idaka, E., s. Kaiya, H.

Janson, A. M., s. Kitayama, I.
Jones, D. J., s. Pangerl, A.
Jossan, S. S., d'Argy, R., Gillberg, P. G., Aquilonius, S. M., Långström, B., Halldin, C., Bjurling, P., Stålnacke, C. G., Fowler, J., MacGregor, R., Oreland, L.: Localization of monoamine oxidase B in human brain by autoradiographical use of ^{11}C-labelled L-deprenyl 55
Kaiya, H., Uematsu, M., Ofuji, M., Nishida, A., Takeuchi, K., Nozaki, M., Idaka, E.: Elevated plasma prostaglandin E_2 levels in schizophrenia 39
Kaschube, M., Möller-Hartmann, H., Zetler, G.: The field-stimulated vas deferens of the streptozotocin-diabetic mouse: effects of prazosin, α, β-methylene ATP, and variation of stimulation parameters 171
Kitayama, I., Cintra, A., Janson, A. M., Fuxe, K., Agnati, L. F., Eneroth, P., Aronsson, M., Härfstrand A., Steinbush, H. W. M., Visser, T. J., Goldstein, M., Vale, W., Gustafsson, J.-A.: Chronic immobilization stress: evidence for decreases of 5-hydroxy-tryptamine immuno-reactivity and for increases of glucocorticoid receptor immunoreactivity in various brain regions of the male rat 93
Långström, B., s. Jossan, S. S.
Larsson, K., s. Ahlenius, S.
MacGregor, R., s. Jossan, S. S.
Molgó, J., Pécot-Dechavassine, M., Thesleff, S.: Effects of cadmium on quantal transmitter release and ultrastructure of frog motor nerve endings 79
Molinar-Rode, R., s. Gurolla, G. B.
Möller-Hartmann, H., s. Kaschube, M.
Moro, E., s. Strolin Benedetti, M.
Moroji, T., s. Suzuki, T.
Nishida, A., s. Kaiya, H.
Nozaki, M., s. Kaiya, H.
Ofuji, M., s. Kaiya, H.
Oreland, L., s. Jossan, S. S.
Pangerl, A., Pangerl, B., Jones, D. J., Reiter, R. J.: β-Adrenoceptors in the extraorbital lacrimal gland of the Syrian hamster. Characterization with [^{125}I]-iodopindolol and evidence of sexual dimorphism 153
Pangerl, B., s. Pangerl, A.
Pécot-Dechavassine, M., s. Molgó, J.
Pianezzola, E., s. Strolin Benedetti, M.
Pirke, K.-M., s. Schweiger, U.
Possani, L. D., s. Gurolla, G. B.
Reiter, R. J., s. Pangerl, A.
Reynolds, G. P., s. Czudek, C.
Rosenstein, Ruth E., Sanjurjo, Claudia, Cardinali, D. P.: Gamma amionobutyric acid uptake, release, and effect on $^{36}Cl^-$-influx in bovine pineal gland . . . 141
Sanjurjo, Claudia, s. Rosenstein, Ruth E.
Schweiger, U., Broocks, A., Tuschl, R. J., Pirke, K.-M.: Serotonin turnover in rat brain during semistarvation with high-protein and high-carbohydrate diets 131
Seiden, L. S., s. Commins, D. L.
Shaughnessy, R. A., s. Commins, D. L.
Sitges, M., s. Gurolla, G. B.
Stålnacke, C. G., s. Jossan, S. S.
Steinbush, H. W. M., s. Kitayama, I.
Strolin Benedetti, M., Bellotti, V., Pianezzola, E., Moro, E., Carminati, P., Dostert, P.: Ratio of the R and S enantiomers of salsolinol in food and human urine 47
Suzuki, T., Moroji, T.: Cholecystokinin bindings sites in the rat forebrain: effects of acute and chronic methamphetamine administration 181
Takeuchi, K., s. Kaiya, H.
Thesleff, S., s. Molgó, J.

Tuschl, R. J., s. Schweiger, U.
Uematsu, M., s. Kaiya, H.
Vale, W., s. Kitayama, I.
Visser, T. J., s. Kitayama, I.
Vosmer, G., s. Commins, D. L.
Zetler, G., s. Kaschube, M.

Rapid Communications

Carlsson, Maria, Carlsson, A.: Dramatic synergism between MK-801 and clonidine with respect to locomotor stimulatory effect in monoamine-depleted mice 65
Kornhuber, J., Mack-Burckhardt, F., Riederer, P., Hebenstreit, G. F., Reynolds, G. P., Andrews, H. B., Beckmann, H.: [^{3}H] MK-801 binding sites in postmortem brain regions of schizophrenic patients 231
